Objective

Aviation has always inspired me to pursue engineering that creates a meaningful impact. Backed by a strong academic foundation in Avionics Engineering, hands-on aerospace engineering projects, multiple international research publications and conference presentations, leadership experience, and a passion for continuous learning, I am committed to applying my analytical thinking, technical expertise, and engineering mindset to advance safe, reliable, and innovative aviation systems.

Skills

Programming & AI	**Python** (NumPy, SciPy, scikit-learn, OpenCV), **C++**, Machine Learning, Deep Learning, Computer Vision (**YOLOv8**)
Modeling & Simulation	**MATLAB**/Simulink (Signal Processing & System Modeling), **GTSAM** (Factor-Graph Estimation), **CST Studio Suite** (RF & Antenna Design), **LTspice** (Analog & Power Circuit Simulation)
Hardware & Embedded Systems	**Altium Designer** (PCB Design), **FreeRTOS** (Embedded Real-Time Systems), **SDR** (ADALM-Pluto, GNU Radio), Real-Time **C++** (CMake, Ring Buffers, UDP Streaming)
Design & Development Tools	**Qt 6** (Desktop GUI Development), **React** (Vite, Tailwind CSS), Git & GitHub, pytest, Visual Studio Code
Technical Writing	**LaTeX** (Scientific Writing), Notion (Knowledge Management)
Leadership & Communication	Team Leadership, Technical Presentation, Proposal Writing, Fundraising

Education

BSc in Avionics Engineering 2023–2027 (Expected)
Aviation and Aerospace University, Bangladesh (AAUB) *Lalmonirhat, Bangladesh*

- CGPA: **3.60/4.00** (till 6th semester). (under the supervision of **Bangladesh Air Force**)
- *Undergraduate Thesis:* Investigating RIS-assisted Dual-Function Radar Communication Systems (DFRS) for **6G Integrated Sensing and Communication (ISAC)**, with research focused on Pulse-Doppler radar, waveform optimization, and performance evaluation using MATLAB-based simulations.
- *Relevant Coursework:* Fourier & Laplace Transform, Modeling and Simulation, Signal and System, Digital Signal Processing, Communication System, Microprocessor & Microcontroller, Electrical & Electronic Circuit Analysis, Data Structure & Algorithm, Electromagnetic Field Theory, Digital Logic & Computer Design, Real Time Embedded System, VLSI, Microwave & Antennas, Electric Machines & Drive, Control System, Avionics System Design, RADAR Engineering.

Higher Secondary Certificate (HSC) 2022
Notre Dame College; Result: ***Perfect GPA.*** *Dhaka, Bangladesh*

Secondary School Certificate (SSC) 2020
Kushtia Zilla School ; Result: ***Perfect GPA*** *with National Merit Scholarship.* *Kushtia, Bangladesh*

Professional Experience

Research Assistant 2026–Present
AAUB Radar Project *(Aviation and Aerospace University, Bangladesh)* *Lalmonirhat, Bangladesh*
Supervisor: Air Commodore Dr. Mohammad Akhter Jamil Hours per week: 20

- Developing a hardware-oriented Pulse-Doppler radar system in MATLAB/Simulink, implementing end-to-end DSP including I/Q signal processing, MTI, and CFAR detection.
- Designing a real-time radar data acquisition (DAQ) and UDP-based data streaming, and legacy radar display integration, targeting FPGA-compatible implementation.

Research Publications

[1] **Task-Oriented Semantic State Reduction for Visual Teach-and-Repeat: Preserving Cross-Track Information by Eliminating Weakly Observable Landmark Orientation**. *Robotics and Autonomous Systems* (Elsevier), 2026. **Under review**.

[2] **A Framework for Resilient Power Systems in CanSat-class Reusable Small Satellites**. *26th International Middle East Power Systems Conference (MEPCON)*, Egypt, 2025. DOI: 10.1109/MEPCON66918.2026.11360120.

[3] **LIFE-MAP: An Indigenous Biosignature Detection Protocol Using Multi-Biomolecule Based Analysis**. *IEEE Region 10 Conference (TENCON)*, Malaysia, 2025. DOI: 10.1109/TENCON66050.2025.11375044.

Engineering Projects

[1] **Team Lead** 2026–Present
Electrical Engineer 2024–2025
AAUB CanSat *[Team Ababil]* *Lalmonirhat, Rangpur, Bangladesh*

- Core electrical and power-systems engineer for a CanSat-class small satellite; contributed to the team achieving country's first **Global Finalist** at the CanSat 2025 finals in **Virginia, USA** (American Astronautical Society & NASA).
- Co-authored and presented a peer-reviewed research paper publication.

[2] **Science Module Lead** Nov 2024–Apr 2026
AAUB Mars Rover *[Team Rover71]* *Lalmonirhat, Rangpur, Bangladesh*

- Directed scientific mission planning and developed the Science & Environment Analysis subsystem from scratch for an indigenous Mars rover; coordinated subsystem integration with the EPS team, achieving **8th globally** in the Anatolian Rover Challenge 2025.
- Co-authored a peer-reviewed publication on the indigenous biosignature detection framework.

[3] **Team Lead** 2024–25
Oblique-Wing UAV Project *[Independent]* *Bangladesh*

- Designed and built an oblique-wing aircraft prototype inspired by the **NASA AD-1** configuration.
- Developed a custom 3D-printed EDF propulsion unit with thrust-configuration testing.

[4] **Case study** Nov 2024
The Technological Advancement of Electric Propulsion *Bangladesh*

- Presented on ion-thruster electric propulsion systems principle, market applications and future outlook at Impulse 1.0 at AAUB.

Industrial Attachment & Internships

214 MROU (BAF): F-7 Fighter Aircraft Overhaul & Avionics Systems 1 week
216 MROU (BAF): Mi-17/Mi-171 Helicopter Overhaul & Avionics Maintenance 1 week
208 MROU (BAF): Bell 206/212 Helicopter Overhaul & Electrical Systems 1 week
205 MU (BAF): Electronic Systems Maintenance, PCB Development & Test Engineering 1 week
133 ATU (BAF): C-130J Super Hercules Avionics & Electrical Systems 1 week
Biman Bangladesh Airlines: Boeing 787 Dreamliner Line Maintenance, CAMO, AMO & Quality Assurance 1 week

Leadership & Volunteering

President 2026–Present
AAUB Debating Club (AAUB-DC) *Lalmonirhat, Rangpur, Bangladesh*
Office Secretary 2022–2023
Kushtia Debating Society (KDS) *Kushtia, Bangladesh*
Core Debater & Executive Member 2021–2023
Notre Dame Debating Club (NDDC) *Dhaka, Bangladesh*
Vice President 2020–2022
Kushtia Science Research Club (KSRC) *Kushtia, Bangladesh*
Core Debater & Joint General Secretary 2018–2020
Kushtia Zilla School Debating Club (KZSDC) *Kushtia, Bangladesh*

Grants

Aviation and Aerospace University, Bangladesh Jul 2024–Jun 2025
Design & Development of a Scientific Exploration and Environmental Analysis Module for Assessing Interplanetary Habitability.

Aviation and Aerospace University, Bangladesh Oct 2023–Jun 2024
Design and Development of an Indigenous Mars Rover for Inter-planetary Scientific Exploration.

Awards

Global Finalist — CanSat Competition 2025 in Virginia, USA 2025
Global Finalist — Anatolian Rover Challenge 2025 finals qualification in Turkey 2025
National Champion — Dr. Muhammad Shahidullah Memorial Debate Festival, Dhaka University 2022
Winner — ATN Bangla Television Public Parliament 2022
National Champion — BTV Chattogram Inter College National Debate Competition 2021
National Champion — BTV Chattogram Inter School National Debate Competition 2019
Best Science Project Award — Khulna Divisional Science & Project Fair 2019
National Finalist — Bangladesh Physics Olympiad, Junior Category 2018
National Finalist — Bangladesh Math Olympiad, Junior Category 2018

Languages Proficiency

English **GRE Score**: «000» (*Quant «000»*), **IELTS Score**: «0.0»
Bangla (*Native*)
